

# "LINK TO LINK"

DKG ILSO Communications and Marketing Committee  
November 2021

Fall is certainly upon us! The leaves have all turned, the acorns have fallen, the crops are harvested and we are all looking forward to family gatherings at Thanksgiving. The C & M committee has successfully completed their first Technology Workshop. If you missed it you can catch the PowerPoint presentations on YouTube soon ~ thanks to Bev Johns for transforming them for us. A huge thank you to our workshop guides: Nancy Hogan, Gina Fiore, Mary Jane Sterling, and Bev Johns. If you would like a handout for the Non-Fraidy-Cat Guide you can either email Nancy or myself. Also, the ILSO Zoom Pro has gotten off to a great start and it is not too late to jump on board. If your chapter is ready, now, simply let Nancy Hogan know and she will get the wheels in motion.

The Technology Workshops and the Legislative Seminars have an evaluation available through Google Forms. If you would like to have a mini-workshop on how to set up your own survey/evaluation, that could possibly be the next Communications and Marketing event. If you'd like to see that happen, email me at [jmstayner@gmail.com](mailto:jmstayner@gmail.com).

Best wishes for a blessed Thanksgiving ~ here's hoping for family time if possible. Please take care and be safe.

Mary Stayner  
C & M Chair
