

Support and Promote Education Through Donations to the Lambda State Foundation

The Lambda State Foundation for Educational Studies Inc. provides funds for members, chapters or coordinating councils to support projects related to the improvement of education in Illinois. The funds for the selected projects come from interest earned on investments (not the principal); donations from individuals, chapters, and special bequests; and proceeds from fundraising projects.

If you are interested in making an individual donation, you will find the form for individual contributions below. The form can also be found on the Lambda State Website. *Individuals are encouraged to designate that contributions "go directly to fund current stipends" so these funds can be put to immediate use. Undesignated contributions will be used for current stipends.*
