

Lambda State Program/Mixer of the Month

October 2013

Presented by Sylvia Olson, Alpha Nu

Zodiac Mixer

This mixer will take some preparation on the part of the person in charge. You will need to know your member's birthdates. As the members gather, put them in groups according to their zodiac sign, but don't tell them how they are being grouped. Once the groups have been made, tell them each group has a common denominator. Give the members time to get to know each other and conclude that each group has the same zodiac sign in common.

Technology Tidbits

Society Purposes:

Purposes 6: To stimulate the personal and professional growth of members and to encourage their participation in appropriate programs of action.

Purpose 7: To inform the members of current economic, social, political, and educational issues so that they may participate effectively in a world society

Pre-planning:

Survey your members to determine their needs. This may be learning more about their devices (iPhones, iPads/Pods, Kindles/Nooks) social networking (Facebook, Twitter,) working with applications or websites (iPhoto, Shutterfly, Snapfish,) etc.

Survey your members as to who can present small group sessions. For example, topics may include "Make and Save Money with your iPhone," tablet, shutterfly, or iPhoto sessions.

Preparation:

Once you know your topics, secure your facilitators and send the information to your members so they can sign-up for a specific session. The number of groups will depend on your chapter needs. You can plan 1-5 sessions to run concurrently. Be sure your members bring their own devices.

Meeting Program:

Divide your members into the pre-determined groups. You can have just one session, or two depending on the time frame for your meeting. You may also have one large session, depending on the needs of your members.
