

INTERNATIONAL SOCIETY FOR KEY WOMEN EDUCATORS
DELTA KAPPA GAMMA

Illinois Lambda State Organization

To: Members of Lambda State Executive Board
From: Dr. Kammie Richter, Lambda State Executive Assistant
Re: Cover letter for monthly mailing

September 2015

It is September and back to school time! Whether you are working or retired, back to school and school supplies brings back memories we will never forget. We all strive to make a positive educational impact on the children, just like we strive to make a positive life-long learning impact on Lambda State.

This month brings you **plenty** of information for you to read about what has been going on in Lambda State. Many of them require action on your part. Pay particular attention to upcoming activities and the due dates for registration of events such as Executive Board, Legislative Seminar, and the Creative Arts Retreat.

As a life-long learner and committed member of Lambda State you can make a difference in promotion and retention of our society. Have you invited a new teacher to your next meeting? Take action now and invite her to something from this mailing! There is something for everyone; read Sylvia's letter to find out what to share and what to file concerning all of the attached documents.

There are so many important items attached that I urge you to read all of them as soon as possible. Attachments are being sent in three separate mailings to expedite downloading.

An email change for the following should be noted:
Barb Ragheb, Co-President of Xi 14 has an email change – see mailing

Sincerely,

Dr. Kammie Richter, Lambda State Executive Assistant
