Description of Lambda State Funds

Florence A. Cook Recruitment Grant

The Florence A. Cook Recruitment Grant was established by a bequest from Florence A. Cook, Alpha Chapter of Lambda State. The fund was originally established to provide recruitment grants to female Illinois high school seniors planning to enter the field of education and did so from 1991-2012. The criteria was changed and since 2013 grants have been awarded to female college/university students (Illinois residents/U.S citizens or legal residents of the U.S.) who have been accepted into a certified teacher education program. Only one application per chapter may be submitted. The number and amount of grants are determined on an annual basis depending on the total amount in the Florence A. Cook Recruitment Grant Fund. The interest recorded at the end of the previous fiscal year from the invested fund will be added to the principal. The Educational Excellence Committee has the discretion of awarding grants of equal value to recipients with consideration given to the six areas of the state. *S.R. 1.22

See www.deltakappagamma.org/IL for criteria/application; application must be submitted electronically by February 1.
