Supporting Early-Career Educators Endorsed as An International Project by the Administrative Board Members!

At its November 2011 meeting, the Administrative Board endorsed the recommendation of the International Educational Excellence Committee that Support for Early-Career Educators (**SEE**) be adopted as a DKG International Project. As an international project, **SEE** would become a focus for all chapters, gaining credibility beyond the international committee and the individual chapter. International projects often become tied to the identity of the total organization.

The International Membership Committee thanks members, chapters, and state organizations for getting on board to support beginning educators. The Board's endorsement is only the first step in approving Support for Early Career Educators as a new international project.

Come to New York City, July 2012, and show **your** support with a "yes" vote.

New Contemporary Initiation Ceremony becomes available

The International Membership Committee continues to design membership resources for the 21st Century. DKG members have given accolades to the new Contemporary Initiation Ceremony and the committee believes members will respond in the same way to new *Guide for Chapter Membership Chairs* and *Ceremonies* book.

Even though DKG's membership is international, the heart of the Society is at the chapter level. These

documents provide chapters with guidance and support regardless of their location on the globe. They take into consideration our Society's diverse membership and stress the pride of being a key woman educator.

The *Guide for Chapter Membership Chairs* and the *Ceremonies* book will be available at the DKG store at www.dkg.org in March or early April.
