

## WANTED: OUTSTANDING CHAPTER PROGRAM IDEAS

Question 5 on the Program Committee Chapter Biennial Report reads *List the ways in which the state organization Program of Work Committees can assist your chapter with program planning.*

The largest request, by far, was for more program ideas. To accommodate this request, the state committee is seeking program ideas from YOUR chapter—programs that your members really enjoyed—so that these ideas can be posted in a Chapter Program Bank on the Zeta State website. Use the form below to send the Zeta State First Vice President/Program of Work Committee Chairman (See your chapter yearbook for name, contact information, etc.) a brief description of at least one program that your members considered outstanding. It is likely that what you describe on the form can be tweaked and modified so that other chapters can adapt it for their use.

The Zeta State Program of Work Committee believes this to be a practical idea that can benefit chapters throughout our state. It will be a wonderful gift from your chapter to your Zeta State sisters.
