Dr. Angela Bedenbaugh and Karen Fayard

from your President...

Have you ever wondered what chapters do in Delta Kappa Gamma? It was evident in so many instances at your state convention March 30-31. The Chapter Presidents who participated in the Presidents' Update session Friday afternoon had the opportunity to express concerns and seek answers to questions that arose during the first year of their reign. Positive feedback from the Reports at the Executive Board meeting provided insight into the activities of each committee on the state level and the direction that Zeta State will take during the 2007-2009 biennium. Evaluations from members attending the workshop sessions indicated that presenters provided vital information for both individual and chapter needs. Yearbook and Newsletter chapter recognitions also point out that we are going in the right direction to further our goals to provide the necessary information to our membership. Both recognitions are important because the dedicated officers and members who prepare these documents commit time and effort to keep their members informed about the work of their chapter and the opportunities available to members.

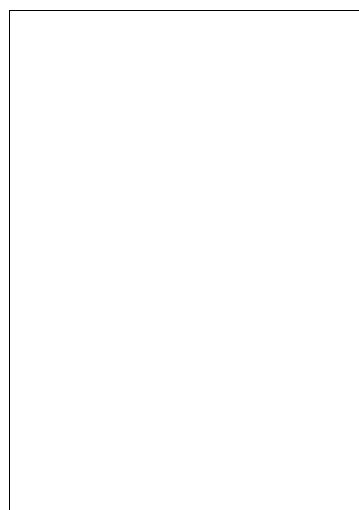

It was a treat to hear our Women of Distinction announced at the Celebration Luncheon. The commitment of these ladies to Delta Kappa Gamma is truly evident from the recognition given to them through their individual chapters. Another group of ladies who have absolutely given to Zeta State is our past state presidents. The Order of the Magnolia Ceremony, which will become a branch of the Leadership Development Committee, was initiated at the Presidents' Banquet. The experience, insight, and expertise of this group will provide the membership with mentoring skills and offer training and leadership experience to state and chapter officers. Fifteen Zeta State Past Presidents attended this ceremony – What an awe-inspiring sight!

The Music throughout the convention was outstanding! Recognition of Cile Waite and Iris Brantley Abrams for writing "Delta Kappa Gamma Are We," our state song, was a highlight of the Celebration Luncheon as well as Betty Oswald's providing the background for and leading of "The Delta Kappa Gamma Song" at the Presidents' Banquet. Our thanks go to Linda Hollingsworth and her committee for planning such enjoyable and enlightening musical events.

We appreciate the effort and time Karen Rhodes, Elise Baty, Janet Berg and the Hostess Chapter Presidents who worked many hours to provide a great convention. Thank you for making the 2007 State Convention a SUCCESS! The Membership Committee, led by Marsha Cummings, provided a very moving ceremony for our membership to remember our thirty-five members who passed away this biennium. Lastly in talking about the convention activities, Sharon Wheeler went Above and Beyond in her perseverance to make the Pre-Convention Seminar successful! Broken ankle and all, she and her committee members provided a fantastic experience for the participants.

All in all, our members provide the nucleus of our Society and make Zeta State what it is today! Without members who are involved and interested in our cause we would not be as vital in advancing our society in Mississippi. If you feel, that you would like to go beyond the chapter level and serve on a state committee now is the time to ask your chapter president to submit your name and recommendation to our incoming president Jeanette Reinike.

In closing, thank you for allowing me to lead our state this biennium. I've met many wonderful ladies, learned a lot, and hope to have made you proud to be a member of ZETA STATE.

Lynn Holliday, President

ZETA STATE GRANT-IN-AID AWARDED

Erica Smith from Brookhaven was recently awarded Delta Kappa Gamma International's Zeta State College Grant-in-Aid. Erica was nominated for the state award by Theta Chapter (Copiah & Lincoln counties) of Delta Kappa Gamma, which had previously awarded her its local grant-in-aid, given annually to an outstanding woman education major. Erica, a graduate of Copiah Lincoln Community College, plans to continue her education at Mississippi State University, majoring in English. Her goal is to teach English in a secondary school, and eventually at the collegiate level. The recipient of numerous awards for education-related volunteerism, Erica is active as an officer of the Future Teachers of America and is a regular mentor and tutor with Big Brothers and Big Sisters. She is the daughter of Phil and Jeanette Smith of Brookhaven, who were present at the Celebration Luncheon.

Erica Smith, Grant-in-Aid recipient; Sharon Wheeler

The Share the Future committee awards certificates to thirteen chapters for selecting and recognizing a woman who has made a significant contribution to education in the chapter's community, with the Red Rose Award. Guidelines allow the Red Rose Award to be given to a woman that has made a significant contribution to education, in the chapter's community, but is **not** a society member. Chapters that made awards and submitted the proper documentation to the Share the Future committee by the postmarked deadline, February 1, 2007, are listed below.

The guidelines for the Red Rose Award may be found on-line and in the new chapter presidents' notebooks. Those women leaders are in your community, and this is an excellent opportunity for the society to show them that we have noticed their interest in education. These ladies may be in any profession.

Our Share the Future committee would like to thank each of you that have made contributions to the Share the Future Fund. We have now been in our new headquarters location for ten months. We believe that this facility is serving our society's needs.

Music Notes...

From Linda Hollingsworth

The 2007 Zeta Convention Music was marvelous. Each musical position was filled by talented and dedicated members of our Society. Each person who played an instrument, presented special music or led our society songs are individuals who are dedicated and dependable. Our thanks to Sheri Stanford, Dorothy Miley, Gail Hammond, Betsy Sullivan, Aleta Sullivan, Brenda Jones, Cynthia Colburn, Pam Peoples, Sylvia Haver, Fonda Dickinson, Carla Briggs, Rosemary Woullard, Betty Oswald and the volunteer members of our choir. Thanks for an awesome job! One of the highlights of our Conventions was the recognition of the writers and composers of our Zeta State Song, "Delta Kappa Gamma, Are We!". Cile Waite and Iris Brantley Abrams are precious ladies and were very appreciative of this recognition and of the honor bestowed on them at the convention. What a joy it was to stand beside them as we sang this wonderful song together! This Zeta State Music Committee has been a joy to work with and I appreciate each one for their hard work and dedication to make these 2 years very productive. Professional Responsibilities of Membership in Delta Kappa Gamma

by Sharon Wheeler, Chairman-Professional Affairs Committee

Do you remember when you were nominated to become a member of Delta Kappa Gamma? Chances are good that you received an orientation informing you of the benefits of membership in this professional organization. You probably asked the question about how membership would benefit you personally and professionally. Would membership in this society provide you with a network of contacts that will enhance your career? Would membership help you grow as a professional in education and provide you with opportunities to fellowship with like-minded women who are well-respected in their field? Will Delta Kappa Gamma provide you with experiences that help you stay current in your field so that you can make the best decisions with the information available?

Having made the decision to pursue membership, you were then honored by election to the Society by chapter members who were themselves previously honored. You discovered that membership was beneficial and the more you involved yourself at the chapter level and beyond, the more positive benefits you gained as you developed into a more confident professional.

Dr. Annie Webb Blanton, Founder of our Society, in a letter to chapters shared that "...while a very delightful part of being a member of the Delta Kappa Gamma Society is found in our social gatherings, how many of our members keep in mind that we are organized for certain **serious and worthy professional purposes.**" Society purposes 3 and 6 stress professional interest and growth.

Once members, we must recognize that as professionals, membership not only carries privilege, but responsibility within the framework of the organization with which we have affiliated ourselves. As educators our ultimate goal is to benefit society and to extend and enhance the role that education plays in that process. The work of Delta Kappa Gamma, on an international scale, provides an interface between the discipline of education and society.

Two crucial responsibilities of current membership in Delta Kappa Gamma are the **willingness to assume leadership roles as you grow and mature as a member and to seek out new members who will serve the society well.** It is this cycle of bringing in new members and growing those fledglings into leaders that grows the society so that it can fulfill the mission of promoting "professional and personal growth of women educators and excellence in education."
