Re: Scholarship information and applications for 2009-2011

Date: September 21, 2009

The chapter scholarship chairman has a primary responsibility to inform members and encourage them to apply for Eta State Scholarships. Each year, the Eta State Finance Committee bases the number of scholarships awarded on available funds. The Scholarship Committee assigns the scholarships to selected applicants.

The forms are posted on the Eta State website and take precedence over all scholarship information posted and published before October 25, 2009.

Eta State annually awards a \$4000 scholarship to a Delta Kappa Gamma member enrolled in a doctoral study program. Other scholarships are also available for work at the Masters' level.
