Spring 2023

PRESIDENT'S MESSAGE

Greetings everyone! By some strange twist of fate, it is Spring. While the weather patterns disagree, here we are.

The last few months have been busy ones for our little group. January brought a review of fudge sales. February found us taking a break from the hustle and bustle of life. Our brunch at Vicki Gabiola's "Gather" was a time for good food and spending time with good people.

Marlene was kind enough to host Heidi and I for the State Convention on March 25th. Once again, the Convention was held via Zoom with 30+ attendees. One of the highlights from the meeting were some words of wisdom from our guest speaker, Carol Herzog, Northeast Regional Director. Here are some suggestions from Carol on how to live your best life: try everything twice, be cheerful, keep learning, find a project, enjoy simple things, laugh often, loud and hard, endure grief and move on, surround yourself with love, cherish your chapter's health, do not take a guilt trip and finally, celebrate what we have. Carol also shared dates for the International Conventions coming up this summer. One convention is being held in Finland if any of you are interested!

To help round out our school year, Dana has graciously emailed our Golden Apple Grant information. Also, it is not too early to start planning for our own State Convention in 2024. It is quite possible that we will be meeting with Xi Chapter this summer to begin those preparations. Information on this will be sent out as it become available.
