

## 2016 District 6 Coordinator Report

It has been my pleasure to visit four of the seven District 6 Chapters as of this report. I have seen and heard about excellent programs and very worthwhile community activities. Chapter fellowship is strong. I have been involved with the PAC planning for fall 2016.

It has been exciting to visit two of the chapters during their officer nomination/election process. I am impressed with the new leadership and with the willingness of past officers to support and assist those newly elected.
