Bring gently used
books for Ronald
McDonald House

Kappa Theta Sisters,

With a little cool nip in the air, the October meeting was just as refreshing. The wonderful food, drink and decorations provided by our hostesses carried us right into autumn and a farewell to hot summer. The whole meeting had an air crispness and excitement. Robyn started us off with an activity designed to help us get our fears concerning personal safety "out of the bag." Then Officer Steven

Caldwell from FMPD woke us up with advice on taking responsibility for our own personal safety by being aware of our surrounding and forming good habits. Martial arts instructor Scott Mischke helped us practice "escape" tactics, starting with "softening up" the predator and putting our hips to good use. At last, a real way to throw our weight around! Both were delightful gentlemen to have as our guest speakers!

The business meeting was a swarm of reports on the activities of the various committees that make our chapter the best! So much to look forward to! Our yearbook is underway, the Chili supper and the raffle are falling into place, and PediPlace really will be pleased with all the donations of baby supplies and books we brought. We left the nomination of new members open for one more week to give everyone a few more days to invite those special women to join our organization. We welcomed Surita Hatton as a transfer member from another DKG Chapter. However, we all have to remember to pay our membership dues to Judy Kemler a.s.a.p. so that she can meet the October 31st deadline for Alpha State submission.

We are bringing books for the Ronald McDonald House to the next meeting to support their role in the Children's Cranial Facial Organization, which is the subject of the program in November.

Now, we can enjoy the cool autumn breezes and colors in anticipation of the wonderful programs, projects and activities being organized and planned for us by so many leaders among us. We are blessed! See you in November!

—*Diana*

Members enjoyed delicious refreshments and conversation at the October meeting!

SCENES FROM THE OCTOBER MEETING

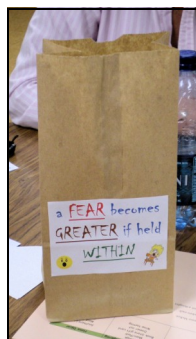

Officer Steven Caldwell from the Flower Mound Police Dept. gave helpful safety tips to members.

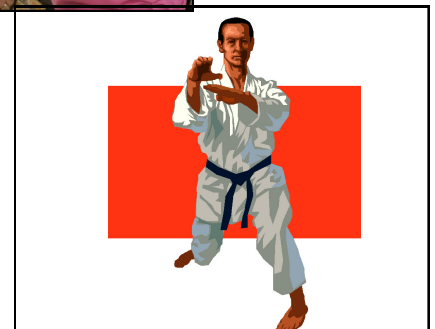

Members Kathy Uhlich and Erika Lowery practice defensive moves taught by Scott Mischke.

Robyn Rucker led a group activity using "fear bags" to take away members' anxieties.

Martial arts instructor, Scott Mischke, taught members defensive tactics to get away from potential predators.

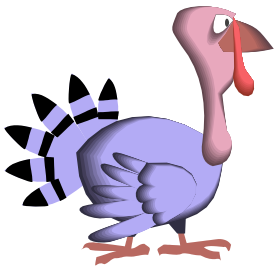

From the Fall issue of *The Lone Star News*...

From “World Fellowships Assist Women Educators” by Rene’ Pittman...

Did you know that the World Fellowships Program began at the 1946 National Convention in San Francisco? World Fellowships was originally under the Personal Growth and Services Committee. In 1972, the World Fellowships Committee became a standing committee, with state and chapter committees added to the Constitution in 1974. Alpha State Texas contributed approximately \$10,000.00 to the World Fellowships fund this past biennium.

From “Fun, Useful Photo Freebies Available” by Shirley Owens...

A useful tool for organizing your pictures is **Picasa**. It is a Google application that is available at picasa.google.com. Picasa 3 is the current version available for download. After it is installed, it will scan your hard drive and display thumbnails of all the images it finds. The images can be ordered or deleted from the window. Play with the photos by making jigsaw puzzles. Download the free application from Jigsawlite at puzzle.watype.net. This is an Adobe Air application that is very easy to use; however, you may have to update the Adobe Air program to be able to use it.

If you are going to be absent from a meeting, please let someone in your Rosebud group know.
